

YOUR PITCH, OUR PASSION

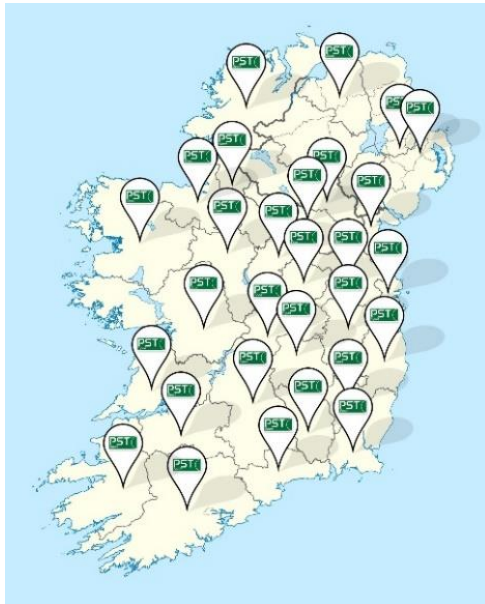

Leading Installer of Artificial Grass
Pitches Across Ireland & the UK

HOW WE CAN HELP?

WHO WE ARE

- PST Sport deliver world-class artificial grass pitches & sports floodlights to clubs & schools across Ireland & the UK.
- With over 10 years' experience, our portfolio includes 100s of projects spanning 29 counties. We have also successfully expanded into the UK market.

PERFORM AT YOUR BEST

*ARTIFICIAL GRASS PITCHES FOR GAA,
SOCCER, RUGBY & HOCKEY*

Ireland's Leading Installer of Artificial Grass Pitches

WHAT WE DO

*DELIVERING WORLD-CLASS
SPORTS SURFACES RESULTING IN
EXCEPTIONAL ATHLETE
PERFORMANCE*

- Our core business is the installation of high performance artificial grass playing surfaces.
- We offer a complete package from design & planning, pitch construction & testing, through to pitch handover & maintenance.
- Ancillary services include groundworks, fencing, sports netting & high grade floodlight systems.
- Recent projects include a 9,600m **FIFA Quality PRO** pitch at Chelsea's Cobham training ground along with high profile Grass Roots Organisations like Clongowes Wood College, St Kevin's Boys, Cherry Orchard FC, Derry County Grounds to name a few.

Ireland's Leading Installer of Artificial Grass Pitches

Building a Pitch?

FOOTBALL

GAA

RUGBY

HOCKEY

TENNIS

- **Form a subcommittee**, ideally finance person & someone with construction experience (*detail orientated*).
- **Identify needs**: Full size pitch, training size, floodlights only?
- **Quotations & costs**: Get quotations for different sizes you have identified. A full turnkey pitch is anywhere from €65-€75 inc. of VAT. Full size not always an option.

Floodlights for a full size rugby pitch will be around €85/90k inc. VAT.

- **Shortlist of contractors**: Do your homework here. Ask for reference sites & contact numbers relevant to your job. Ask for examples of problems that have arisen & how the contractor fixed them.

Building a Pitch?

- **Planning application:** If there is a fence higher than 2m &/or floodlights full planning permission is required. If it's a resurface only planning may not be required - check with your local council.
- **Specification for all weather pitch:** This is critical. We see a huge amount of confusion from clubs, schools and community groups.

Are they comparing like with like? Get pricing document together & include line items
With each item required e.g. 200 linear meters of 2.4m 868 fence or X amount of cubic meters of stone.

- **Carpet:** What is a good carpet? Typically you need to make sure it comes from a FIFA Preferred Producer &/or World Rugby Producer. In Ireland it can be useful to test & approve for FIFA & GAA for rental income.

Building a Pitch?

- **Shock pad:** We often get asked if a thicker shock pad is better. Answer is NO as long as there is a 20 year warranty & the entire system complies with the WR handbook 2017.

The 2017 handbook specifies that when tested first the pitch must meet HIC of 1.4m. When tested 2 years later it must reach 1.3m. Previous retest was 1m.

- **Warranties & handover file are critical:** This file should include all warranties, data sheets, specifications & information about maintenance. The usual warranty is 8 years. Our manufacturer is launching a new carpet with a 12 year warranty – this will be tested to World Rugby in the coming months.

- **Workmanship warranties:** This is something that is critical to tie in the contractor with any potential manufacturer warranty and also on any defective labour.

- **Maintenance:** Week to week by the club and annual / bi-annually by PST Sport.

FEEDBACK FROM CLIENTS

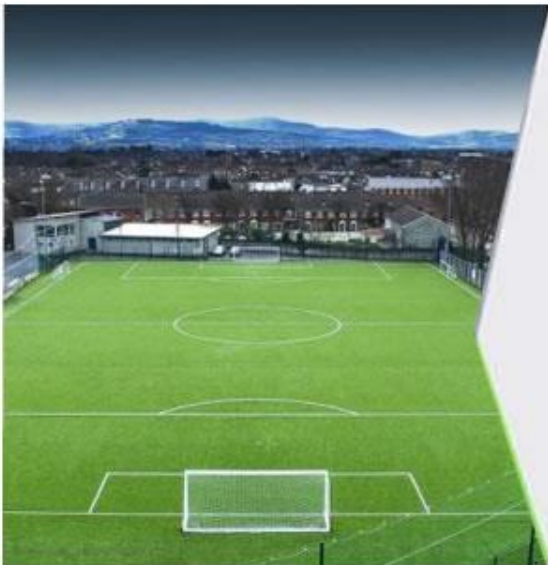

We have a reputation for excellence and have built our business on high quality workmanship, outstanding customer service and always delivering world-class facilities. By surpassing our clients' needs our existing customers have become our best sales people.

WHAT OUR CLIENTS SAY

“As a satisfied customer we can testify to PST Sport’s ability to provide a full turnkey solution from start to finish. Including all aspects of the project from the above & below ground works, fencing & ball stop netting, floodlights & a superior quality all weather playing surface. From the first time we met Paul, Colin, Ger & the lads we were impressed with their efficient & professional manner – an approach that not only inspired confidence, but generated the results we were looking for.”

Tom Kennedy, Chairman, Cherry Orchard FC

“Over the life of the installation I have come to implicitly trust PST Sport and have huge faith in their work. PST Sport were an excellent choice for us as a partner to develop the club’s Facilities. Their passion matches our own ambition to have the very best.”
